# Abstract

**Abstract:** Reference Management tools offer an easy way of finding relevant literature, collecting references, organizing them in a database, and insert citations works in a manuscript with proper citation style. Most of the new Reference Management tools provide facility to connect with other researchers that you can't find on other platforms. A Web-based reference management provide easier collaboration and use across multiple devices and assist you to improve publication visibility.

## Workshop on:

## CONDUCTING A LITERATURE SEARCH & WRITING REVIEW PAPER

**INTRODUCTION**

Literature search & writing review paper can be time consuming and boring at times. If you are facing situations such as:

- "I am a new postgraduate student and am not sure how to conduct a literature search."
- "I have problem finding articles and references relevant to my research."
- "I have downloaded the article, but I cannot find it now!"
- "What is the journal submission and acceptance procedure and the steps involved?"
- "I need help to increase the citation of my papers"

**Benefits of attending this workshop are:**

- Acquire the art in effective reference search
- Apply appropriate research tools across various discipline that are available online
- Improve research visibility

**WE ARE SOLUTION PROVIDERS! WE CAN MAKE YOUR RESEARCH MORE REWARDING!**

We provide an effective literature search strategy that can:

- Save your time and safe keep your downloaded articles
- Use scientific databases and reference management software properly
- Provide clear direction for your literature review and review paper writing

**WHO SHOULD ATTEND THE WORKSHOP?**

The workshop is aimed for researchers who intend to write literature review papers and to increase their papers' visibility and citations.

*Certificate of attendance, food and beverages will be provided*

**Programme Details**

Date: **18 & 25 August 2016**
Time: **9.00 am — 4.30 pm**
Venue: **Computer Lab, Level 2, IPPP, Kompleks Pengurusan Penyelidikan & Inovasi, University of Malaya**
Fee: **RM 400.00 (inclusive of GST)**

**SPEAKER'S PROFILE**

Dr. Nader Ale Ebrahim is a visiting research fellow at the Centre for Research Services, IPPP, University of Malaya. He is the winner of 'Refer-a-Colleague Competition' and has received prizes from renowned establishments such as Thomson Reuters. Nader is well-known as the creator of "Research Tools" Box and the developer of "Publication Marketing Tools". He has so far conducted over 250 workshops within and outside of the University of Malaya.

# Why use a reference management tool

- Reference management tools saves time for researchers and help them work more efficiently;
- Reference management tools help scholars to create and manage their lists of references for research projects;
- Reference management tools should be tightly integrated into user's overall research workflows;
- Reference management tools are designed to organize citations into specific formats for the preparation of manuscripts and bibliographies.
- **Reference management tools is needed to facilitate sharing and collaboration.**

# All Citation Management products have these basic features:

- Gather and transfer references from databases/resources/webpages into your personal research database
- Organize, annotate, sort and search your references, images and PDFs
- Insert in-text citations and reference lists into documents in a wide variety of styles (MLA, APA, etc)
- Create stand alone bibliographies in a wide variety of styles

**Abstract**
Physical activity and aging research has burgeoned in the past few decades. Despite the increase in scholarly publications no attempts have been made to summarize the publication landscape and to identify works that had great impact to physical activity and aging research. We conducted a bibliometric analysis and collected publication data from 1980 to February 6, 2015 in the Web of Science Core Collection. Of the overall 9,935 publications most were published after 2007 and almost 60% were in the category of Geriatrics and Gerontology or Sport Sciences. Highly cited
